## STORM WILL CONTINUE WEEK

SAN FRANCISCO, Dec. 12.—UP—Warning against floods was circulated through central California tonight when it appeared likely that heavy rains would last the full week.

Showers which broke a record breaking drought Sunday morning continued to fall intermittently and the storm total was above 1.87 inches here. In some sections it was much greater.

The advice that ranchers remove their stock from lowlands was issued by N. R. Taylor, United States weather observer.

### Mail Delayed

He said the rain has sent nearly a foot of water into the upper reaches of the Sacramento river.

More than 100 feet of railroad tracks had been washed out between Kennett and Coram, delaying Portland and San Francisco trains.

Air mail planes that started for the east were forced to return by poor visibility.

### Storm Warnings

Motorists were advised not to attempt a crossing of the Sierra Nevada mountains by way of Echo Pass.

Recorders reported 15 inches of snow in that region.

Storm warnings were still posted as moderate gales accompanied the downpour.

## FOOTBALL STAR THEFT SUSPECT

COLUMBIA, Mo., Dec. 12.—UP—Louis Lee Derry, tall, handsome Missouri University halfback whose name was roared to the skies by Tiger rosters repeatedly during the past football season, was sought by officers here tonight on a warrant charging possession of stolen goods.

A valuable watch, two suits of clothes and a handbag which disappeared from student rooming houses were found in the grid star's room late Wednesday, according to Sheriff Charles White, who raided the room with a search warrant.

The student's arrest was expected tonight. He was seen on the campus today and attended a banquet for the football team last night.

Derry served more than a year of a two year sentence for burglary and grand larceny in the Kansas reformatory after a conviction in 1925. He was charged with burglarizing fraternity houses at Kansas.

## Start Young Across Bay

SAN FRANCISCO, Dec. 12.—UP—Efforts of Harry Hieberg, nine years old, to break into print and attract additional attention from Santa Claus at this important time were balked again today.

Harry was found asleep on a door step after his latest runaway from home. His mother vigorously objected to pleas of a newspaper photographer, who wished to take a picture of the boy.

"The last time he ran away and stayed a long time he saw his picture in the paper and got all puffed up about it," the mother said. "He ran away three more times in a week. So no more pictures."

## Former Detective Wins \$42,500 Suit

LONDON, Dec. 12.—UP—George Goddard, former detective sergeant, seeking to recover \$50,000 which the government alleged had been paid him as bribe money by night clubs, won a judgment of \$42,500. One of the witnesses was Mrs. Kate Meyrick, "Queen of Night Clubs," now serving a prison term for bribe conspiracy.

## 153 PUPILS TO GRADUATE IN ELEMENTARY SCHOOLS HERE

With 94 graduating from the Richmond Union high school this semester, and 161 from the two junior high schools, 153 pupils will receive their diplomas from the local grammar schools today and will attend the two junior high schools next semester.

The list, made public yesterday by Miss Nora Ashfield, assistant city superintendent of schools, represents one of the largest classes ever to be graduated from the local grammar schools.

The list of graduates from the elementary schools, who will attend the Roosevelt junior high school, is as follows:

## THEFT SUSPECT TO FACE COURT

Charged with burglary, Carl E. Larsen, of San Francisco, will face Police Judge C. A. Odell this morning.

Larsen was arrested by Chief of Police Dan Cox early yesterday afternoon on Washington avenue, following a report made by Mrs. Margaret Fowler, 10 Tunnel avenue that she had seen Larsen in a room in her rooming house. Several pieces of jewelry which police say were stolen from the house were found in Larsen's possession, police reported.

## Condemned Man Wins Reprieve

OSKINS, N. Y., Dec. 12.—UP—Five minutes before Frederick W. Edell, convicted murderer of Mrs. Emeline Harrington was to have been electrocuted at Sing Sing prison, Gov. Franklin Roosevelt tonight granted him a reprieve according to word received at the prison, on a plea that new evidence had been found exonerating him. The reprieve is until Dec. 30.

Edell was convicted in New York city of murdering Mrs. Harrington in her uptown apartment on the night of Dec. 23, 1927. She had been clubbed to death.

Mrs. Harrington, an actress, was estranged from her husband, Guy Harrington an actor, when she met Edell. The state contended that Edell had a record of becoming acquainted with lonely women and defrauding them of their money.

## DR. ROOT VISITS

Dr. R. R. Root, former city veterinarian was in Richmond yesterday visiting friends. Dr. Root is living at his Quien Sabre ranch at Tres Pinos.

## CARQUEZ ARRIVAL

B. D. Shields of Fresno, registered at the Hotel Carquinez yesterday.

## 8 GUNS HELD BY PRISON RIOTERS

AUBURN PRISON, N. Y., Dec. 12.—UP—While 1500 convicts sat in their cells today, a score of them cowering in fear of the chair that awaits those who participated in Wednesday's murderous mutiny, state troopers and guards swept through every corner of Auburn prison in a hunt for additional revolvers and knives believed to be in possession of the subdued rioters.

As a result of the intensive search the troopers tonight uncovered two of the ten missing revolvers believed to be in the hands of convicts who survived the mutiny. Eight weapons are still unaccounted for.

Meanwhile, from New York came announcement of Gov. Franklin D. Roosevelt that he will immediately order a special trial term of the supreme court, to try the surviving convicts accused of complicity in the escape plot. Death sentences would follow conviction.

Investigation following collapse of the revolt which cost the lives of eight convicts and one guard indicates that from 12 to 15 criminals were directly concerned in the program of terror. While many of those still living have been implicated by captured guards and will face trial for the murder of Principal Keeper George A. Durnford.

**Face Execution**  
In a statement issued today, Dr. Raymond F. C. Kiehl, prison commissioner, reiterated his intention of preferring first degree charges against every convict who had a hand in the affair.

Warden Edgar Jennings, recovering from the gassing he received while in the hands of the mutineers, was released from the prison hospital today.

With conditions rapidly being restored to normal, 600 National Guardsmen and police officers were released from duty. A force of state troopers remained at the prison.

Questioned regarding rumors that Warden Jennings would be asked to resign, Dr. Kiehl said that the warden had been placed in a very serious position, but that any action will depend upon disclosure of the tragedy.

## 2 Guns Found

Search of the prison for contraband weapons began when a checkup of the guards' guns revealed that out of 12 revolvers seized from them by the convicts, only two had been recovered.

Of the wounded and gassed guards and convicts, only one, Guard George E. Atkins, was considered in a critical condition. Atkins, shot through the neck, is believed to have little chance for recovery.

Dr. Kiehl will arrive here Friday to take charge of the investigation.

## HOLIDAY FIRE WARNINGS ISSUED BY CHIEF COOPER

To the public:  
Your attention is again respectfully called to introduction about premises of Christmas greens, Christmas candles, harvest costumes, moving picture exhibits, and other inflammable materials.

DO NOT use combustible decorations such as cloth, paper, cotton, evergreen trimmings, etc., unless such decorations have been treated with fire-proof solutions. It is best to use metallic tinsel and other non-flammable decorations only, and set the Christmas tree securely so that children, or others, in reaching for things cannot tip it over. Spraying with pyroxylin, lacquer or other similar substances renders holiday greens extremely inflammable.

DO NOT use cotton to represent snow, asbestos fibre or powdered mica is a good substitute.

**Fireproofing**  
Formula for fireproofing solution:  
Boric acid . . . 50 grams (6-2/3 oz.)  
Borax (crystallized sodium-borate) 60 grams (8 oz.)  
Water . . . 1000 grams (1 gal.)

The fabric, well saturated with liquid, is drained and then hung up until completely dry. One should avoid by all means washing them.

The same process of fireproofing can be used for paper streamers, paper flowers, grass, etc., used for decorating halls, "provided, however, that the paper is not too heavily sized and can absorb the liquid."

DO NOT use candles. The record shows that candles are the cause of many fires.

## W. RICHARDS NEW LEADER OF REALTORS

W. J. Richards was named president of the Richmond Board of Realtors last night at a business session held in the chamber of commerce rooms.

William Metz was elected vice president and Reese Hays was named secretary.

Members of the board of directors include A. Paulsen, Mrs. W. H. Sanford, E. B. Bull and E. J. Burg.

W. H. Dunn, president of the state board of realtors, will be in Richmond on Feb. 15 and elaborate plans are being made to entertain the honored guest. Mrs. W. H. Sanford has been named chairman of the entertainment and publicity committee.

It planned to hold a dinner meeting at the Hotel Carquinez on the evening of the guest arrival. Reports on the various activities of the association were made last night and a large sum was donated to the Sunshine Camp.

## New Attempt Made To Wreck Train

## PASSENGERS UNAWARE OF DANGER

YUMA, Ariz., Dec. 12.—UP—Local authorities tonight were rounding up all transients in this district for questioning concerning an attempt to wreck the Southern Pacific's Golden State Limited near here today.

The crack passenger train, bound for Chicago, jolted noticeably just before it passed over the small bridge a quarter of a mile west of Ming, near here, shortly after 3 a.m.

Orders were telephoned back to the Argonaut, fast train running between Los Angeles and New Orleans, to stop at that point and inspect the track. It was found that the spikes had been removed from the rails for a distance of 60 feet on one side and 30 feet on the other, leaving only enough to give them the appearance of safety.

Only a short time was necessary to replace the spikes. Passengers on both trains did not know anything unusual had taken place.

Bars and hammers used in prying loose the rails were left beside the track.

Southern Pacific officials said they believed the attempt to wreck the Golden State had been made by hoboes who had been ejected from a box car here Wednesday night.

## 17 ADDED TO STORM TOLL

LONDON, Dec. 12.—UP—Seventeen new deaths were added to the toll of the elements in Europe today, swelling the list to nearly 200 during the last eight days.

A tidal wave, striking the beach of Costa Caprica, Spain, was responsible for 11 of the deaths. A number of fishing boats were capsized.

Ten members of the crews were drowned, and later one of the 12 of the rescued died from injuries.

Six fishermen were drowned and eight saved when a fishing vessel sank near Cape Breton, France. The boat was thrown on the beach. The crippled liner Aba of the Elder Dempster line was being towed toward Queenstown, Ireland by a tug. The Aba, rudderless in the high seas, was in the sixth day of its battle to reach shore with its 128 passengers.

The steamship Leonardo Da Vinci arrived at Westminster dock here today from Genoa and immediately experts began unpacking \$70,000,000 worth of Italian art masterpieces which the ship bore safely through the storms.

## Brotherhood To Elect Officers

Election of officers will be held by the Men's Brotherhood of the First Christian church Tuesday night in the church parlors, according to an announcement made by L. A. Widner, president of the group yesterday.

Ladies' night will be held by the club. A special musical program will feature the dinner meeting, which will start at 8:30 o'clock.

## MARRIAGE LICENSE

Alfred Lycett, 44, of 11 Washington avenue, and Madge Marr, 25, of Richmond, were issued a marriage license in Oakland yesterday.

## Rancher Freed After Mystery Death Probe

MARTINEZ, Dec. 12.—Charges of possession of a still, against Albert Costa, Briones valley rancher were dismissed today on motion of the district attorney's office.

The district attorney held that the skeleton of apparatus that might be used for liquor manufacture which was found on the Briones ranch was not sufficient evidence to prosecute.

The portions of the still were found on the ranch by searching parties of officers after Costa had told officers that he was one of the men who had brought Tony Glosso of San Francisco to the Abbott Emergency hospital in Richmond in a dying condition. Although Glosso died the next day, early in September 1928, the statement by Costa was not made until February of this year and then only after an auto-

mobile on his ranch had been identified by officers as the one in which Glosso was brought to the Richmond hospital fatally burned. According to authorities Glosso was probably burned while operating a still which exploded.

Costa told authorities that Glosso had told him he offered to burn when the gasoline tank of his automobile exploded. The car of Glosso was later found with the gasoline tank intact.

Glosso was brought to the Richmond hospital wrapped only in a sheet and blanket. All of his clothing had been removed. Burned portions of clothing and shoes were later found on the Costa ranch, according to arresting officers.

Other mysterious angles of the case have never been entirely cleared up.

## Six Vessels Will Use Local Harbor

Six vessels will arrive at the inner and outer harbor wharves this week according to an announcement made from the offices of the Parr-Richmond Terminal company here yesterday.

The Danish motorship Indian, chartered by the Union steamship company docked yesterday morning at the outer harbor and loaded a cargo of oils for Australia. The ship will leave this morning.

Today two ships will dock at the inner harbor and one at the outer harbor wharf.

The Silver Bell of the Kerr line will load oils for the Orient at the inner harbor, Saturday, and the San Gabriel, of the O. and American-Hawaiian line will arrive from the east coast with a

load of pipe. These two ships will berth at the inner harbor. The Munson of the McCormick line will load a general cargo for Portland at the outer harbor wharf.

Saturday, the Mirabooka, of the General steamship line will arrive at the inner harbor to load for Australia.

The Corgo Maru of the J. J. Moore line will dock tomorrow to load a cargo of oil for the Orient.

Both of these steamers will dock at the outer harbor wharf. At the inner harbor, Saturday, the Golden Wall of the O. and American-Hawaiian line will arrive from the east coast with a

## Brothers Reunited After 41 Years

Forty-one years are easily forgotten when two brothers start reminiscing about old times. This proved the case for John and Isaac Lester, who met yesterday morning for the first time in 41 years.

Isaac Lester, county humane officer, met his brother John, a retired coast guardman and his wife as they stepped off the train in Richmond. They came here from Harbor Beach, Mich.

With the exuberance they were accustomed to show in boyhood days, the two brothers greeted each other. Memories flitted back 41 years to the days when they went to the old swimming hole together and boyhood experiences thronged through their minds.

"Forty-one years experience is a lot to crowd into a few months," remarked the eastern brother, who is to spend the winter with his brother. "But we hope to span those years of separation during our visit here."

Isaac Lester, county humane officer, met his brother John, a retired coast guardman and his wife as they stepped off the train in Richmond. They came here from Harbor Beach, Mich.

## Antioch Shooting Probed By Officers

MARTINEZ, Dec. 12.—Shooting of Clyde Nichols, 35, in an Antioch hotel room last night by Charles Golden, patrolman, was made the subject of a field investigation today by James F. Hoey, deputy district attorney.

Nichols claims that after he had been wounded, Golden beat him about the head with handcuffs at the Antioch jail.

He told Hoey that after dining with Golden, they went to a woman's room in the hotel where he "lost" some money. He charges that after a wordy battle with Golden, the latter drew his gun and shot him in the leg.

Golden asserts that he was called to the hotel because of a disturbance, and shot Nichols in self defense.

The police officer charges that Nichols threatened to kill him, and made a motion as if to draw a gun from his pocket. Golden denies the alleged handoff beating.

It developed later that Nichols was unarmed.

Hoey said this morning, that he did not know whether a warrant would be issued, or the case referred to the grand jury.

## Stores Open For Shopping At Night

With Christmas only a short time away, directors of the Richmond Merchants' association expressed general optimism over Christmas business at their luncheon in the Hotel Carquinez yesterday, and stated that holiday

business was showing marked activity.

Beginning tomorrow, stores will stay open until 9 o'clock at night and will continue so until Christmas. The later hours are (Continued on Page 5)

## LINE ACROSS PACIFIC, PLAN

With the announcement in San Francisco yesterday that the Pacific Zepplin Transport Co. Ltd. will build two gigantic zeppelins for passenger traffic between California and the Orient, Richmond boosters of the proposed airport here on the bay shore have high hopes that the company will locate its terminus on the local proposed field.

The Richmond field was suggested as a possible site for the United States navy's dirigible base, which it has been announced, will be located in the south.

The local field, which lies along the shore of San Pablo bay, is large and roomy and would provide an ideal mooring place for commercial zeppelins.

The site here is well protected from the prevailing winds and is close to the center of population in the state. Served by two main transcontinental lines, Richmond would make an ideal terminal for the company, it is said.

Several years ago an unconfirmed rumor to the effect that a zeppelin company was planning to locate an airport here to be used as a terminal for its route to the Hawaiian Islands. No action was taken at that time.

The new company plans to have two airships constructed by the Goodrich Zeppelin corporation at Akron, O. These ships, it is said, will follow the general lines of the new British zeppelins, the "R-100" and the "R-101" which have just been completed.

The ships would accommodate 100 passengers and 20,000 pounds of mail and freight. They would require only 36 hours, to make a one-way trip.

The company plans to inaugurate its service to the Hawaiian Islands. Then, as business expands and personnel and equipment have been developed, they would extend the service to north China, Japan, the Philippines and Singapore.

## S.O. Planning Vallejo Tanks

VALLEJO, Dec. 12.—Permitting six large oil storage tanks and a wharf here was requested by the Standard Oil company of California when a representative of the company appeared before the Vallejo city council today.

The tanks will be located on the waterfront and the wharf will be erected in Mare Island channel. It was stated.

The exact purpose of these tanks was not stated at the time but it is believed here that they will be used for the storage of oils for the United States Navy.

The wharf would be used to unload oils from tankers and barks and here from the refining plant at Richmond. The cost of the project was not made public.

## ANNIVERSARY PARTY HELD BY GUARDS

More than 150 attended the second anniversary program and turkey dinner of the American Guards, Inc., of Richmond last night in the Brotherhood hall.

Two years ago yesterday, the Guards organized in Richmond, and last night was the second annual banquet and celebration of the organization.

Members of the guard auxiliary, the guard itself, and families of the two groups, in addition to visitors from Oakland and Berkeley, enjoyed the program and the turkey dinner, prepared by members of the American Guard.

The program was as follows: Accordion solo, by "Kip" Morrill; address by H. W. Shaefer; "The Whistler and His Pal" G. A. Williams; "Black Jack, by Gum," a one-act play with Daisy Brown taking the part of the mother.

Ruby North the part of the sister, and W. A. North the part of the villain; saxophone solo, by Carl Fenestration; Chalk Talk, by Frank Tackley; duet, by Violet Ewing and Jewel Davis; and Irish jig, by Nelda Baker.

After the program, the group adjourned to the banquet hall, where platter upon platter of turkey and all the "fixins" was awaiting the morde.

Music was played through the dinner, and as a climax to the meal, an enormous birthday cake was cut. The cake, large enough for ample helpings for the group, was in two layers, decorated in red, white and blue, and topped with the American flag.

Following the banquet, dancing was enjoyed to complete the evening.

## PRESBYTERIAN GROUPS HOLD JOINT MEET

## HOLIDAY FIRE WARNINGS ISSUED BY CHIEF COOPER

(Continued from page one)

ords show that many lives are lost because of their use. Electric lighting systems properly installed, avoid this danger.

DO NOT permit any sort of decorations near gas jets, and care should be exercised to prevent incandescent lamps from coming in contact with either natural or artificial leaves, paper ornaments, streamers, or other inflammable materials.

DO NOT allow trees to remain inside of buildings after Christmas. The tree itself ignites readily when needles have become dry.

**Merchants' Warning**  
Special precautions for merchants:

**ELECTRIC WIRING:** (a) All temporary connections should be soldered or "solderless" connections used. (b) All connections should be carefully wrapped with rubber and friction tape. (c) All electric cord should be reinforced construction. No ordinary cord should be used which has been used before or spliced. (d) Branch circuits should not be overloaded. Fuses having greater capacity than 15 amperes should not be used on No. 14 wire circuits.

**PACKING:** One of the severe hazards is the presence of unusual quantities of packing materials and of temporary packing stations. All excelsior, cut paper, etc., should be kept in and used from metal lined containers with tight fitting lids. No more than one day's supply should be kept at any of the packing stations. Main supply should be carefully cared for in vaults.

**MOTION PICTURE FILM:** No film other than the slow burning, "safety" type should be allowed in the building.

**CONGESTION:** Congestion should be kept at a minimum. Clear aisles should be maintained to all fire equipment, such as sprinkler control valves, fire alarm boxes, fire hose and extinguishers, fire escapes, etc.

## Instruct Employees

**EMPLOYEES:** All employees, including temporary help, should be carefully instructed with regard to location of all fire equipment, their conduct in case of fire and in preventing a panic.

**GENERAL:** The above recommendations are designated to call attention to some of the more important hazards which are frequently overlooked.

In addition to the danger to property from displays referred to, the danger to life in crowded stores or places of meeting by reason of a panic occasioned by a fire, even though it be small and easily controlled, is so great that the underwriters, who have made a study of such hazards, would only be partly fulfilling their duty should they fail to give warning and we feel quite sure your co-operation in these matters will be found of great benefit to all.

**BE CAREFUL—STOP—THINK!**  
Shall Christmas remind us of the birth of our Savior, or the death of one of our loved ones?

W. F. COOPER, Fire Chief.

## WAR MOTHERS ENTERTAIN AT PROGRAM, CARDS

An entertainment and whist party, sponsored by the Richmond chapter of American War Mothers, was held in Memorial hall last night.

A minstrel show was provided by the American Legion auxiliary of Albany which began with a novelty number by Bonnie Lee and Doris Mae McDuffee. Miss Louella M. Houser took the part of Miss McDuffee. Interlocutor while the children were El-namiae Sanders, Zelma Nelson, Elva Cottrell and Kathryn Pittin-off. In the chorus were Hazel McDuffee, Vanda Street, Mildred Hawkins, Nettie Boyle, Edna Hittencourt, Elba Moore, Mildred Schuttler, Helen Smith, Thelma Don'tas, Marjorie Kane, Orpha Tucker and Emma Kohmeyer.

Miss Zelma Nelson sang "You Neveah Need a Cootah No Mo" and a vocal duet, entitled "All S'ed Say Was Hu-hu," sung by Kathryn Pittin-off and Vanda Street. "Mighty Lak a Rose" sung by Helen Smith.

A cake walk was next, followed by the grand finale.

The second part of the program was in the nature of a Flora-Dora skit, and featured Martha Schuttler, George Cernoni and Art Smith musicians.

A card party culminated the evening.

The proceeds from the event will be used for the Christmas fund for veterans at government hospitals.

Winners at the whist party were Mrs. Katherine Rishell, Fred Houser, F. S. Douglas and Mrs. Anne Bradbury.

## Moose Lodge Names Committee For Yule Party

Plans for a Christmas party to be held on Dec. 23, were made at a meeting of the Moose lodge last night in the Moose hall.

A committee was appointed to make arrangements which is composed of Fred Gardella, E. J. Brennan, Bert O'Loans, and John Alexander.

The party will be open to members of the Moose lodge, the Mooseheart Legion, and families.

## DENNY COMING HERE IN NEW PICTURE

A new Reginald Denny photocomedy is coming to the Fox-California theater tomorrow, and advance reports indicate that it is the most hilarious of that comedian's long list of screen farces. It is entitled "His Lucky Day," and was made for Universal under the direction of Eddie Cline, reputed past-master of fun-films. It is from an original story by John B. Clymer and Gladys Lehman, veteran photo-dramatists.

In the supporting cast are such popular players as Otis Harlan, Eddie Phillips, Cissy Fitzgerald, Harvey Clark and Tom O'Brien. The screen farce is thus unusual in having three well known comedy stars teamed up. Denny, Harlan and Cissy Fitzgerald, Tom O'Brien also contributes a large share of the humor.

LoRayne DuVal, the heroine, is playing her first important screen role in this comedy. She is heralded as a great motion picture "find" because of her good looks and acting ability.

Talking Comedy, "Lady's Fare" is also on the program.

## "Why Bring That Up?" Triumph In Funmaking

The audiences at the Fox-California theater yesterday were loud in their approval of the motion picture debut of Moran and Mack, the Two Black Crows, in Paramount's all talking "Why Bring That Up?" These two record and radio stars not only presented bits from their former successes, but added plenty of new material.

"Why Bring That Up?" has an engrossing plot, the story was written by Octavus Roy Cohen, famous author of "darktown doings" and is loosely woven about the actual lives of Moran and Mack, the Two Black Crows. The crows team together, start their famous "Two Black Crows" act and progress to success. Evelyn Brent is the girl who comes in and almost separates this pair who will not cross the other. But everything turns out alright.

"Why Bring That Up?" is a peculiar picture for the first appearance of such noted personalities as Moran and Mack, the Two Black Crows. "Why Bring That Up?" has a real plot. Not the impossible kind, but one that is humanly possible. Moran and Mack are actors and prove it. A talking comedy "Faro Nell" is feature comedy in itself is also on the program.

## Richmond To Have a Super Service Bureau

Many people unacquainted in Richmond or not familiar with business methods, at times feel the need of someone from whom they can get information.

You may need advice about your property, or you may wish to buy, sell or rent a home. Perhaps you are interested in insurance; we write any kind anywhere. If you own your own property, you may need skilled or unskilled labor to help you do odd jobs, or you may want us to take charge of your property, collect rents etc.

The purpose of our new department is to give you complete information service free, and to furnish competent help when needed. Ask us anything you choose, if we can't give you an answer, we will endeavor to find someone who can.

This department will be under the personal supervision of Mr. J. E. Baldwin, who has been engaged in the Real Estate and Insurance business in Richmond for the past 20 years. Our office is located at 325 Sixth St. Phone Rich. 613.

Remember—when you want information—ask Baldwin (You had better cut this notice out, you may need our service).

### W.C.T.U. Column

Conducted by Mrs. Grace D. Stewart, publicity chairman of the Richmond W. C. T. U. Second and fourth Fridays of each month.

### "Is My Daughter Safe at College?"

Rita S. Hale, in a most helpful article in the September issue of Good Housekeeping, answers, "yes, if she is safe at home." The writer has taken great pains to visit colleges of all classifications, of every size in order to find out how much truth there is in the claim that colleges are hot-beds of vice. She has talked with police captains and policemen in college towns, with leaders of orchestras which play for college dances, and in these and many other ways has gathered much information about the two hundred leading colleges, both co-educational and those for women. In regard, first, to sexual irregularities, Miss Hale found very little. In fact, "petting" seemed to be much less prevalent in colleges than elsewhere. "The attitude of the majority of the upper class college girls towards it seems to be that the freshmen are likely to indulge in it because they think that it is collegiate and smart, but they soon get over that." But one thing stands out—"Almost invariably accompaniment of any case of sexual immorality that comes to the attention of the college authorities is drink. Almost without exception every girl sent away for sexual delinquency has been drinking as well, or has been led to sexual delinquency through drinking." But, despite conflicting opinions on this subject of drinking, Miss Hale is convinced that drinking is not only less in the colleges than outside, but it is less than was a few years ago. And in the women's colleges drinking causes the authorities almost no trouble at all. For example, the twenty cases known in the last three years in all seven of the largest and best known colleges in the East were mostly of freshmen who had not been at the college long enough to have come under the influence of the college for either good or ill. The universal testimony of college officials and students is that practically no girl drinks except for a possible occasional pre-dinner cocktail. What of the men, then, with whom these girls must associate? Newspaper testimony is unreliable. The retired commandant of the R. O. T. C. unit for a large western university recently said: "In all the cities and college towns in which I have officiated at big games, there has been just one occasion in the last ten years when there was evidence—in this instance, as in all others where drinking has been noticeable, the offenders were almost invariably from the ranks of the alumni and not students." The police in most college towns agree that drinking by college students is on the decrease. In fact, present day students are taking a definite stand against it.

### Modern Girl Found Better Than Mother

The high-stepping miss, malleable and misunderstood, is a better girl than her mother. And far from flaming with alcohol as a fuel her boy friend is investing his energy athletically and reaping handsome rewards

### Bundle Day Of Rotary Will Be Observed Today

At today's meeting of the Richmond Rotary club in the Hotel Carquinez, Otto A. Poulsen, Richmond jeweler, and W. H. McBryde will be the speakers. V. A. Fenner will be chairman of the day. Poulsen will give the vocational talk, and McBryde will give his impressions of a recent world tour which he made.

Members of the club are urged to bring used clothing to the meeting for distribution to the poor as the club will observe its annual bundle day today.

The club will be represented by Attorney T. H. DeLap, H. A. Johnson and F. A. Mero on the committee which has been working to locate the proposed new veterans' hospital in the Pinole valley.

physically and morally.

Sports, natural outlets of youthful enthusiasm, are speeding the modern boy and girl to progress, according to Vierling Kersey, state superintendent of schools. "Modern youth," declares Kersey, "neither drinks more nor misbehaves more morally more than its parents. Slips from grace merely are better publicized."

Ninety-eight percent of parents questioned admit their young sons of high school age are better behaved than themselves would be under similar circumstances, he maintains.

In 30,000 cases of California youngsters brought before school or court authorities for liquor use, moral delinquency or petty theft, all developed the fact that at home standards existed such influence that schools as today constituted cannot hope to cope with them, declared the states school chief, Call-Bulletin.

### As Michigan's Coach Sees It

More drinking among college students than ever before, is there? Why take the word of the Association Against the Prohibition Amendment for that statement. Rather put it up to Fielding H. Yost, the famous coach of Michigan university, and see what he has to say about it. This is the way he answers: "If you should take away five hundred of the eleven thousand students on the University of Michigan campus, a bootlegger couldn't find a sale for a quart of liquor in a month. My observation is that college student drinking is confined to a few smart alecks and the upper crust and is done mostly on special occasions, such as parties."

### Liquor Banned in Stanford

Students at Stanford were given their annual fall warning against liquor and violations of the honor system recently when Acting President R. E. Swain addressed newcomers to the university at an all-school assembly.

"Liquor has no place on the Stanford campus," Dr. Swain said. "Scholarship counts for nothing if there is no character behind it."—S. F. Chronicle.

At the inauguration of a Youth's Temperance society in Belgium, Judge Wets stated that the great part of children delinquents brought before him in court were the children of alcoholic parents.—Selected.

### Three Injured In Train Wreck

THE DALLES, Ore., Dec. 12.—(U.P.)—Three members of the train crew suffered minor injuries when a huge boulder derailed the east-bound Columbia river express train five miles west of Grand Dalles today.

The train, slightly behind its schedule at Lyle, was speeding eastward when the obstruction suddenly appeared on the track. Engineer J. A. McLean applied the brakes, but the impact careened the engine forward 300 feet before turning over on its side in a ditch.

The mail coach was shot 75 feet down an embankment to the edge of the river and the baggage car tipped over. The smoking car was also derailed.

## Motors Nine Meets Eagles Here Sunday

The Thomas Motors will open the second half of the Oakland Winter baseball league Sunday when they meet the Oakland Eagles at the First street ball park. Doyle Taylor is expected to start in the box for the local team, according to manager L. J. Thomas.

The climatic conditions for the contest look rather cloudy, but the hopes of the local ball team for victory are mighty rosy at the present. After their 15 to 7 victory over the P. S. E. A. club in the finals of the first round of the league last Sunday, the Motors believe that it will not be a difficult matter to overcome the opposition of the Eagles. However, there is a chance that the Oaklanders may turn the tables, for the Eagles were defeated only 7 to 4 by the Motors in a contest earlier in the season.

## Ernie Nevers At Fathers Bedside

SANTA ROSA, Dec. 12.—UP—Ernie Nevers, noted football and basketball player, reached the bedside of his father who is critically ill here late today.

The athlete was playing for a professional football team in Chicago when he learned that his parent George E. Nevers, was near death.

His race across the country ended in complete victory when his father recognized him and they chatted together for a few minutes.

## STUDEBAKER, MAMMY'S, TIRES WIN IN CAGE LEAGUE

Showing sensational passwork throughout a hard fought contest, the Studebakers were victorious over the Purrer cagers by a score of 41 to 30 last night in the city league tournament at the Richmond Union high school gymnasium. The Civic Center Tires gained a 25 to 22 victory over the Santa Fe Renegades by a last minute attack in the B game. Another close contest was staged when Mammy's Place defeated the Nationals 28 to 18.

The Purrer-Studebaker contest was an exhibition of first class basketball on the part of both squads. However the Studebakers maintained a margin throughout the game by their speedy on-slaughts. "Bunny" Muth was undoubtedly the star of the contest, piling up a total of 26 points to his credit.

The Santa Fe Renegades of the B division collected a ten point margin over the Civic Center Tires by the end of the first half, with the score then standing 20 to 10. However, the Tires came back with a bang in the last two quarters, with the result that the Renegades were only able to gain two points after the first half. The score was practically a tie during the final quarter, until Linsted, Malone and Murdock swept down upon the Santa Fe goal with fatal results.

The Mammy's Place cagers, leaders of the B division, were offered surprising opposition by the Nationals' Mammy's Place maintained the narrow margin of one point throughout the first half. However, the Nationals were at a disadvantage because of a lack of substitutes during the last half, and Mammy's Place

soon gained a comfortable lead. The Santa Fe loop squad will tangle with the Oleum Union Oil cagers of the A division Monday night at 8 o'clock. The Santa Fe Indians will meet the Nationals of the B division at 7 o'clock, while the Civic Center Tires will clash with the Mastercraft Roofers at 9 o'clock.

## Purdue Coach To Train Huskies

SEATTLE, Dec. 12.—UP—The Student Board of Control of the University of Washington today approved a contract with James Phelan, Purdue, to become head football coach of the Huskies.

The contract will extend from Jan. 1, 1930 to June 30, 1933. Although no announcement of the salary was made it was reported Phelan will receive \$12,500 annually.

Phelan will succeed Enoch W. Eagslaw, who resigned under fire after coaching nine years at Washington.

## Chicago Hit By Heavy Fog

CHICAGO, Dec. 12.—UP—A heavy fog pall seeped over the midwest tonight, stopping the air mail service, slowing up trains and further endangering automobile traffic.

All mail planes were kept to the ground in the Chicago area because of the unusually heavy fog. All Christmas letters and packages consigned by air mail were forwarded by train.

The fog combined with smoke here to cast an almost night like glow of electric light over Christmas shopping crowds. Street car, train and bus service into the city generally was delayed.

A heavy sleet storm in southern Minnesota broke and tangled so many telegraph lines that repairmen there worked in 15 hour shifts in an attempt to restore complete service. The American Telephone and Telegraph company said tonight that its lines were functioning almost normally again.

Temperatures generally hovered just at the freezing mark.

## Slayer Indicted For Murder Of 5

LOS ANGELES, Dec. 12.—UP—Armed Potares, 24 year old truck driver and Lola Guichon, his sweetheart, were indicted jointly by the county grand jury today on five counts of murder in the death of five members of the family of Luciano Garcia.

The victims were beaten to death or shot because of jealousy and bootlegging activities.

## 52 Children Of Needy Get Yuletide Cheer

The Girls' association of Roosevelt Junior high school was host to 52 children from distressed families at a Christmas party held recently. Each child was presented with an article of clothing, toys and candy. The gifts were placed around a Christmas tree and were given to the children by a Santa Claus. Games were played under the direction of members of the association. The party came to an end with the serving of ice cream and sandwiches and cake.

The entire school assisted in making the annual affair a success. The tree was furnished by the men of the faculty. Clothing for the children was made by the sewing classes under Mrs. Evelyn Dukatz. The doll furniture was constructed by the woodwork class under the direction of Alexander. The cooking class supplied the cake, candy and sandwiches under the supervision of Alice Foges. The Christmas decorations were made by the art classes under Betty-Jo Hodges and Anna Lane. The tables were arranged by the Honor society under the direction of Alice Robinson, faculty adviser for the club. The Parent-Teacher association provided much material for the clothing apparel given to the children. The girls of the B-J class also assisted in arranging for the party. The catering force served the refreshments under Mrs. I. F. Morris.

The role of Santa Claus was occupied by R. R. Coudyner, woodshop instructor. Ten pounds of candy was furnished for the party by Nell Schultz of the Richmond Union high school. The Service Girls also assisted as hostesses to the children under the direction of Mrs. Theodore Odell, Mrs. Blossom Rice and Mrs. Anna Head. The Richmond merchants cooperated with the association by providing the toys given to the children at a reduced cost. The money for the party was raised by several entertainments held during the term and by the dues of the members of the Girls' association.

## Legion Hears Discussion On Vet Hospital

The proposed veteran's hospital was the subject of much discussion at last night's meeting of the Richmond Post of the American Legion in the Memorial Hall. Steve Neilson of Martinez, strict commander, attended the meeting and expressed his views of the proposed bill. He said that the organizations should not work for the hospital on this side of the bay as yet, but should combine their efforts to have the bill passed first. He pronounced the various legions groups as greatly in favor of the proposed bill, and working hard to have it passed.

R. S. Crose of the local order then told of the efforts the members have made, and told of 90 acres of land in Pinole valley, that would be suitable for the hospital.

A resolution was introduced and passed and sent to the senators and congressmen of California, endorsing the bill which is now before the House.

George Sanderson, chairman of the Christmas fund for veterans, work was given authority to distribute Christmas baskets to the families of needy ex-service men. Following the meeting, pictures of the Hawaiian Islands were shown.

## "MARY DELLA"

It often happens that a little factory girl dreams of riding in a powerful yellow roadster, in the arms of a football star, with the warmth of an expensive fur coat keeping out the chill air.

Mary Della Chubb was such a girl. But as often as she dreamed of such things she never once really thought that her dreams would come true. But they did. She was struck by an automobile while crossing the street, and at the wheel was a football star, fur coat and all.

Love followed, but so did many bewildering complications. You'll thrill to every installment of "Mary Della"—a new serial story by Julie Anne Moore, which starts

## F. H. BOREN DIES IN CRASH

Frank H. Boren, 42, superintendent of schools at San Mateo and Burlingame, died early yesterday morning at a San Mateo hospital from injuries sustained in an automobile accident Tuesday night.

Boren formerly connected with the Oakland school department was well known to members of the Richmond school department.

Boren was hurt 20 feet thru the windshield of his car when it collided with a machine driven by Fred G. Mathieson of Sioux City, Iowa. The accident occurred as Boren was turning into El Camio Real from El Cerrito avenue, according to reports.

Mathieson and his wife were also injured but were released from the hospital Wednesday. Mrs. Boren was uninjured.
